#1 Online Economy Rice Stall

## Combination Platters

Chapfans is a homage to the humble "Economy Rice" a.k.a. chap fan, cai fan and chap cai png. Launched in January 2022, this collection features unique plates inspired by the back-alley street vendors and kopi tiam stalls in Malaysia and Singapore.

Every plate represents the confluence of abundant choice and affordability.

What's your combination?

## Chef's Specialties
